

Nordic@BETT Symposium - January 25th 13.30-16.30

**DANISH MINISTRY
OF EDUCATION**

FINNISH NATIONAL
AGENCY FOR EDUCATION

Norwegian Directorate
for Education and Training

Skolverket
Swedish National Agency for Education

We are looking forward to seeing you !

This year's topic is Computational Thinking in Nordic Schools - What is computational thinking and which role will it play in education in the Nordic countries?

Join 800 teachers, researcher and school leaders for a free seminar during Bett 2018.

The sessions at Nordic@Bett offer a rare opportunity to stay informed on up-to-date developments in digitalization and education in Denmark, Finland, Norway and Sweden through student showcases and relevant research.

Nordic@Bett 2018 highlights the following topics:

- 13:30 Welcome
- 13:45 Nordic approach to introducing Computational Thinking and programming in compulsory education. Stefania Bocconi (Italian National Research Council, Institute for Educational Technology)
- 14:15 The interaction between Computational thinking, Technology and Education. Olli-Pekka Heinonen (Finnish National Agency for Education)
- 14:35 Student presentations (Denmark, Norway, Sweden, Finland)
- 15:35 Teachers on Computational thinking. Miles Berry (University of Roehampton)
- 16:00 Steering group Nordic@BETT wrapping up
- 16:15 Join us at the reception after the symposium

Moderator is Miles Berry (University of Roehampton)

Registration: kortlink.dk/spza
